NO. 21

HUSTONVILLE.

Allen Huns, of Louisville, is visiting his old neighbors and friends here this week.

Dr. Lafayette Sproul, who lived near here and practiced medicine 15 years ago, died recently in Williamsburg, aged about 70.

Will Cabell arrived Sunday from Chattanooga, having been notified of the serious illness of his mother, Mrs. Frances Cabell.

Hudson Bohon left Sunday for Mt. Auburn, Ill., and Horace Bohon left for London in the interest of the Kentucky Wagon Company.

Some of our farmers are great economists. This is shown by their selling what they can not eat, and eating what they can not sell.

Howard Camnitz left Sunday for West Baden, Ind., where the Pittsburg Nationals spend 10 days before going to Hot Springs for a two-weeks' stay.

The numerous friends in Kentucky of George L. Carpenter will be glad to learn of the rapid improvement in his health since his arrival at Hendersonville, N. C.

Entries to the combination horse sale here on the 24th, 25th and 26th are coming in so rapidly that the secretary has had to employ an assistant to keep up the entries and assist in other clerical work.

Joe Garrison, of Dunnville, died on the 25th, of the white plague, aged 47. He was the father of Fred Garrison, who was killed on the Rolling Fork a few months ago by his uncle, Hugh Thompson.

Two large sides of bacon disappeared from the smoke house of W. P. Carson. The bloodhounds having gone to Pine Knott the thief was not caught, but in the future one of the best dogs will be left at home.

James J. Drye, who was a resident of the West End for many years, and who had many friends and relatives in this locality, died in Caldwell, Kas., last week, aged 82. He spent most of his life around here.

The Peavyhouse Tobacco Co. has bought a lot of 100 feet front on Danville Avenue, by 600 feet back, upon which they are preparing to build a large tobacco warehouse and dwelling. Work on the warehouse will be completed by June 1st and the dwelling later on.

Lair and his bloodhounds were called to Pine Knott Thursday, where a store had been robbed. All parties having been kept away from the scene, a good scent was taken and the trail followed 27 miles to a depot, where the culprit had been seen to get on a freight train going South. A good description of the thief, who was seen riding between two oil tank cars, was sent South with the hope of catching him.

Moreland, one of our suburban villages, has taken on a second growth in the last few months and is forging ahead of its town sister—Milledgeville. A new hotel building by Abe Minks, late of Laurel county, has been erected and it would be an ornament to any country town. A State bank has been organized and ground broken for a brick office. Its capital stock will be \$15,000 and it will be officered by B. B. King, president; Dr. Pipes, vice president; Mr. Wilhoit, of Owen county, cashier and general manager.

On Thursday afternoon the Ladies' Missionary Society met with Mrs. Crit Riffe. Mrs. Riffe was leader and had a fine program which was highly enjoyed by those who met to do honor to the district manager, Miss Sallie Elkin, who gave a helpful, inspiring talk. All hearts were rejoiced to receive seven new members. After adjournment Mrs. Riffe served refreshments in the true Kentucky hospitable style and her efforts were fully appreciated. The next meeting will be on April 1 at 2 p. m. at the home of Mrs. Emmett McCormack, to which all members are cordially invited. Miss Elkin went from here to Somerset, carrying with her the best wishes of all.

At last Danville seems to be rising from her Rip Van Winkle slumber and is accepting the mantle which Providence, prosperity and progress have placed at her disposal. It is easily within her grasp to treble her population and business in a short time, provided she wants it and will take the first steps necessary to secure it. Build an interurban line from Danville to Stanford, thence to this place and on to Little Britain via Moreland, Milledgeville, Junction City or Shelby City. The right of way can be easily secured and at a reasonable cost. Cumberland Falls will soon be harnessed by an Eastern Company for electrical purposes and it would be a big subscriber to Danville stock for this enterprise to furnish the power. The Southern line then of Lexington's business would be the Kentucky river, while Danville's with the proper push would reach Chattanooga and would be the metropolis of a territory whose tributaries reach beyond the confines of Kentucky.

A rare bargain in a 275-acre farm, 172 acres of which is fine corn and tobacco river bottom land. The balance is good grass land with splendid improvements, good neighborhood, on rural route. Price \$8,000; terms reasonable. Address River Bottom, box 82, Hustonville, Ky.

PUBLIC SALE.—I will at my home at Hustonville at 2:30 p. m., Saturday, March 13, sell the following personality, consisting of a grey family mare 9 years old, one rubber tired Moyer buggy, one steel tired LaPorte buggy, two sets buggy harness, one saddle and bridle, about four dozen quarts of fruit, one writing desk, one half bed for children; several other things too numerous to mention. Terms made known on day of sale. Chas. Lutes, Hustonville, Ky.

MIDDLEBURG.

A. H. Royalty has moved into the Kelsay property at Yosemite.

Green river got on another tear Monday and our people had grave fears of another washout.

Work on the foot bridges washed out by the late high tide, has begun and it will not be long until we can go to see our neighbor, Yosemite.

A warrant for the arrest of one Orville Carman, was sworn out Tuesday charging him with using abusive language to Cornelius Floyd and W. T. Campbell. The parties live in the Walltown section.

Steuben Godby was down from Hustonville Sunday. James Winkle has moved to High Bridge. L. W. McWhorter, of Lincoln county, attended court at Liberty. Mrs. Helen Carter is in Louisville buying Spring millinery. Mrs. H. C. Estes is quite sick.

The Baptist people here will dispense with chandeliers in the church and install a gasoline plant for lighting the church. The chandeliers have never given satisfaction and besides gasoline is cheaper. R. B. Young, Dr. C. B. Creech and Miss Mary Bryant have the matter in hand and will take subscriptions from members of the church.

March 28th will be Missionary Day at the Baptist church here. The Sunday school will have a missionary lesson and Rev. J. L. Owens will preach on the subject of "Missions." Preparations along the line of missions are being made by the officers and teachers of the Sunday school and it is the purpose of all to have a general mission rally.

Mrs. Belle Hall, wife of Albert Hall, died Friday after a short illness. Rev. J. Q. Montgomery conducted the funeral services at the Christian church at Yosemite, after which the remains were brought here and interred. Mrs. Hall was 59 years old, was the mother of eight children, all of whom are living, and they with their father are left to mourn the loss of a loving mother and devoted wife.

McKINNEY.

Mr. L. B. Nunneley, of this place, is visiting his son, T. G. Nunneley, near Hustonville.

Miss Cora Singleton's school closed Friday. It was the school that B. W. Hubble began to teach, but gave up.

Mr. Harry Jacobs, after looking around considerably, has decided to still engage in the marble business at this place. He once thought of moving to Stanford.

A. W. Shose and family, of East Bend, N. C., arrived here Saturday and have gone to housekeeping at the place where Judge Wright formerly lived. B. W. Harris and T. O. Bivin are moving to Sadieville, where Mr. Harris will engage in the marble business. We regret very much giving them up, but hope it will be profitable to them.

Squire Dudderar held court here a few days ago. Not much business of importance was transacted. One misdemeanor trial, G. W. Koger against Dock Burton, colored, for drawing a gun on Koger. The case was unique in some respects. The squire had to be sworn and used as a witness and the attorney for the defense was Mr. Florence. He was the only one who could administer the oath and he refused to do so until Mr. Burch persuaded him.

A Religious Author's Statement.

Rev. Joseph H. Fesperson, Salisbury, N. C., who is the author of several books, writes: "For several years I was afflicted with kidney trouble and last winter I was suddenly stricken with a severe pain in my kidneys and was confined to bed eight days unable to get up without assistance. I commenced taking Foley's Kidney Remedy, and the pain gradually abated and finally ceased. I cheerfully recommend Foley's Kidney Remedy." New Stanford Drug Co.

Gov. Willson has announced his acceptance of an invitation of the Business Men's Club of Nashville, to visit their city to-day and deliver addresses in furtherance of a proposed new Y. M. C. A. building there, to cost \$200,000.

In a decision handed down by Judge Smith McPherson at Kansas City it is held that the Missouri 2-cent fare law and maximum freight rate are confiscatory and the statute, therefore, invalid.

The dead body of Isaac Ashby was found in the barn lot of James Cheek, near Mt. Eden, Shelby county, by the latter's sons. Heart disease is believed to have been the cause as no marks of violence were found on the body.

Near Death in Big Pond.

It was a thrilling experience to Mrs. Ida Soper to face death. "For years a severe lung trouble gave me intense suffering," she writes, "and several times nearly caused my death. All remedies failed and doctors said I was incurable. Then Dr. King's New Discovery brought quick relief and a cure so permanent that I have not been troubled in twelve years." BRODHEAD.

Several from Crab Orchard attended the Barnes meeting here last Sunday.

On account of the revival at the Baptist church, Rev. Sipple of the Methodist church, postponed his services last Sunday. This should be noted and Rev. Sipple given a good congregation the 1st Sunday in April.

The Barnes revival at the Baptist church is still in progress at this (Tuesday night) writing. Large crowds are attending and a great deal of interest is being taken by all denominations. About 40 additions to the church, nearly all of them for baptism.

Virgil Martin has taken charge of his father's farm two miles south of here and as soon as some repairs have been made on the house he will move there. Virgil is one of the boys who has never contracted the railroad fever but is perfectly satisfied driving mules.

Ed R. Gentry, who has been attending the Law Department of the University of Kentucky at Louisville since last October is now at home. Mr. Gentry is a candidate for superintendent of public schools in Rockcastle and stands a fair show to be nominated, which means an election.

Mrs. Elizabeth Sowder, mother of merchant W. H. Sowder, and who has been an invalid for more than 30 years, surprised the people a few days ago while at church by getting out of her invalid's chair and walking over the floor shouting and shaking hands with every one. This is no mistake as we are informed that Mrs. Sowder has been walking a few steps at intervals for some time.

It looked for a while last Monday that we were to have a repetition of the high water of two weeks ago but the streams were not near so high. P. E. THE steamship Michigan, which came over for a cargo of wheat, returned without it as the shipper cancelled the order because of the grain being so high. The vessel had to take 700 tons of water in her tanks in lieu of cargo, in order to give her the proper stiffening for the trip across. She was booked to take 60,000 bushels of wheat, but only 1,088 bushels were forthcoming.

RUTH BRYAN LEAVITT, oldest daughter of William J. Bryan, was granted a divorce from W. H. Leavitt at Lincoln, Neb. Mrs. Leavitt and her mother appeared in the court of Judge Cornish and both alleged that Leavitt had not contributed to the support of his wife. There was no defense. Mrs. Leavitt was granted the custody of the two children.

A PITTSBURG man is suing for divorce because his wife admits that she paid a man \$300 to kiss her three times. The poor old thing must have false teeth and very likely a false face. Her husband wouldn't kiss her and she was compelled to indulge in the osculatory pleasure with somebody and was willing to pay for the fun.

He hopes to have the bill passed at the special session.

THE Danville Advocate says the fellow, who was robbed here by a couple of Negroes Monday night, was under Gen. Custer's command until a day before the bloody Indian massacre at Little Big Horn, in 1878. As Hood is only about 25 years old, our esteemed contemporary evidently has been incorrectly informed.

J. M. DICKINSON, Secretary of War, in a speech before the Iroquois Club, a Democratic organization of Chicago, discussed his own political record. He said that he had not voted for Taft and replied to the criticism of Judge Dunne, who said Mr. Dickinson could not be counted a Democrat.

THE story comes from Washington that President Taft may name Senator McCreary for one of the commission to locate the waterway boundary between Canada and this country. Good. We know of no better water witch than the Ex-Senator and he should have the place by all means.

THE American Sugar Refining Company has been fined at New York \$134,116.03 for frauds in weighing imports. If the judgment sticks look out for a rise in the price of granulated sugar. The people always pay the freight and costs of these trusts.

THE Texas Legislature has made it a criminal offense to swear over the telephone. It should be a criminal offense to swear anywhere. It is the silliest of all the silly habits and a stop should be put to it all hazards.

GOV. WILLSON don't want any crap shooting around him. William Wilson, a well-known Negro educator and connected with the custodian's office at Frankfort, was caught in a game in the consultation room of the Court of Appeals and the governor had him discharged forthwith.

It's a very cold Saturday night and Sunday that Lexington doesn't report a shooting, cutting or killing.—Frankfort State Journal. Cut out those saloons you are advocating and we'll wager the Blue Grass Capital will show a change for the better.

Having been practically completed by the tariff framers, portions of the new tariff bill were sent to the government printers. It is expected that the entire measure will be put in type this week.

Judge James Denton has announced that he will not make the race for the republican nomination for circuit judge, so it is now almost certain that Mr. Bethurum will have no opposition for the juicy plum.—Somerset Journal.

Indigestion

Stomach trouble is but a symptom of, and not in itself a true disease. We think of Dyspepsia, Heartburn, and indigestion as real diseases, yet they are symptoms only of a certain specific Nerve sickness—nothing else.

It was this fact that first correctly led Dr. Shoop in the creation of that now very popular Stomach Remedy—Dr. Shoop's Restorative. Going direct to the stomach nerves, alone brought that success and favor to Dr. Shoop and his Restorative. With that original and highly vital principle, no such lasting accomplishments were ever to be had.

For stomach distress, bloating, biliousness, bad breath and sallow complexion, try Dr. Shoop's Restorative—Tablets or Liquid—and see for yourself what it can and will do. We sell and cheerfully recommend

A PRETTY love story, giving rise to unbounded and wholesome fun, is a decided novelty, but this is the combination furnished in "Lena Rivers," the most brilliant comedy drama success of the season, and to be presented at Walton's Opera House, this Friday night, by an exceptionally clever company.

A CURTAIN in the home of Mrs. Jessie Staggs and Miss Mollie Daugherty caught fire from a lamp Tuesday night and the fire alarm was sounded. The fire company responded with promptness but neighbors had gathered in and subdued the flames when the fire ladders arrived. The loss will not exceed \$25.

THE democratic county committee is called to meet here to-morrow, Saturday, to hear proof in the contest case of M. S. Baughman against W. L. McCarty. It will be remembered that Mr. McCarty won the nomination for sheriff on the face of the returns by 14 and that Mr. Baughman charges fraud and irregularities galore.

How many of the fire force proved heroes?—Four (pair.) Who was the lost boy calling during the fire?—Yew (you). After many days one said to the other: "Hear about the fire?"—Chestnut. After all was over what did they find?—Ash(es.)

THE freight business here during February was greatly in excess of that of February, 1908. The collections on freight amount to over \$600 more than the same month last year.

RESERVED seat tickets to Lena Rivers, which show comes to Walton's Opera House, to-night, Friday, March 12, will be on sale at Shugars & Tanner's drug store (W. B. McRoberts' stand) at 8 o'clock this morning.

THE trial of Hugh Thompson, charged with the murder of his nephew, Fred Garrison, was called at Liberty Wednesday but continued until the next term on account of a lack of time, as court expires by limitation to-morrow.

"LENA RIVERS," a dramatization of Mrs. Mary J. Holmes' novel, will be presented at Walton's Opera House, to-night, Friday. The presentation of the play has been awaited with a great deal of interest. The comedy comes with the glitter and eclat of its New York and Boston engagements. Those who witness the play will find in it scenes that are likely to be remembered for many days. One of these is the little barefooted Lena and the faithful old Granny bidding farewell to the old home in Sloucmville, Mass., as they start on their journey to their new home in the South. Another is that of the heroine and her handsome Southern lover, and serves also as an opportunity for the wearing of some of the most beautiful gowns ever seen in this city. Burton Nixon has given the play a thoroughly adequate production and the company is described as being one of much strength and cleverness, it being identical to the one seen in the metropolitan engagements of the attraction.

DARING HOLDUP.—On Monday night a Mercer county man giving his name as Amos Hodd was robbed on the railroad track near W. S. and E. B. Denham's coal yard. He claims that he was standing around the depot when he was approached by two Negroes, who wanted to sell him whisky. He agreed to take a pint and started off up the railroad track with them for the booze. At the above mentioned place the larger of the two seized him and the other went through his pockets and secured \$63 in cash. They let him go and Policeman B. D. Carter was informed. He phoned to Hustonville for Lair's bloodhounds and Marshall Herring brought them down. They were taken to the scene and trailed a number of times to the home of Joe Hayden, colored, and he was placed under arrest. The dogs then trailed to where John Green, also colored, sleeps, and he was also taken into custody. At their trial Tuesday morning they were held over to circuit court in \$200, and failing to give the bond they are still in jail. The money secured was mostly paper and was issued by the Mercer National Bank of Harrodsburg. It is signed in red ink by George Behon, president, and Bush Allen, cashier. Watch out for money of that kind and make a note of from whom you receive it. Hodd is a horse trader and has been coming here for years.

JUST received a car-load of genuine Pluto Cannel Coal. Best in the world for cooking and all right for the grate. Only 16c per bushel. McKinney Coal & Feed Co.

FIRE BELL.—The fire bell has been hung over the county clerk's office with a rope convenient to ring in case of fire, but which must not be used except in case of fire.

THERE came near being a fire in the jail residence a few days ago. Burning soot fell and set fire to the carpet in one of the rooms but the family put out the flames before much damage was done.

PHOEBE CRAIG, wife of Solon Craig, colored, was fined \$100 and given 40 days in jail yesterday for selling whisky to James Farmer. A few good, strong fines like that might decrease the blind tiger business here, if it don't break it up entirely. By the way, what has become of Solon Craig's government license? We have heard nothing about it of late.

The Boston Transcript says that Mr. Roosevelt will go down in history, among other distinctions, as the only president whose name the American people never learned to pronounce.

James Simpson, aged 50, is dead in Garrard. A wife and three children survive.

Mannington, W. Va., went "wet" by 13 votes.

Then turn a hand spring, kick like a balky horse and smile as though you had eaten a barrel of stock food. Seat your partner and take another."
